

NESTLE ROUTE 66- NEW FACTORY PROJECT

Background

Nestle Company was founded in 1866 with its headquarters in the city of Vevey, Switzerland. In 1995, Nestlé Vietnam Co., Ltd. (100% foreign invested) was established, belonging to Nestlé SA Group, specializing in producing NESCAFÉ instant coffee, NESTEA instant tea and packaging MILO drinks, flour. NESTLÉ nutritious cereal.

Nestle Route 66 factory, invested by Nestle Vietnam Co., Ltd., is built on an area of 10.8 hectares in Amata Industrial Park, Bien Hoa City, Dong Nai Province, with 24 items including office building processors, warehouses and other items. It is expected that in the middle of the third quarter of 2012, the factory will be officially put into use, continuing to provide more nutritious products for consumers.

Challenges

This is a relatively difficult period when the market executes many construction projects and the human resource market is scarce. Besides, Investor has high requirements on Schedule, Quality, Safety.

Advantage

HHE has a lot of experience and available human resources in fabrication, installing SMP packages, so it should meet the requirements of the investor to complete the project on schedule.
